

Please find the attached **GARDEN REPORT** for discussion at the trustee meeting
12 October 2022

- 1 All 11 Bluegum trees have been severely trimmed to a height of 6 meters and the huge Bluegum tree will be treated with diesel to be removed eventually.
- 2 There were five trees removed because of the damage they were causing
- 3 There are 2 more trees to be removed in Waterberry Street causing damage to paving, road and buildings
- 4 The irrigation system has not functioned properly for the last month. Johan is attending to the problem and will report back
- 5 Many of our areas have been beautified and upgraded and will continue
- 6 The fertilizing and weeding is ongoing
- 7 The Budget as of today

R 50,000

- 32,000 Expenses

R 18,000 Balance

- 8 My suggestion is that we do away with the present nursery and rather tar the area for extra parking for an extra income for Kleinmeer.

We do have a small area next to the gym that could be used as a nursery if needed.
